

1st Histon Scout Group Admissions Policy

Scouting is open to boys and girls between the ages of 6 and 18. 1st Histon Scouts includes sections for ages 6 to 14, in line with the admissions policy detailed below. Sections for ages 15 to 18 are administered on a District wide basis by Crafts Hill District.

The 1st Histon Scout Group has more young people wishing to join the Scout Group than we have places available. As such we have a Waiting List. This document outlines the policy in allocating places to Young People within the various sections of the Scout Group. Continued membership of the Group is subject to regular attendance and acceptable behaviour.

This document has been drawn up and agreed by the Scout Executive Committee on 10th October 2018.

Waiting List

Boys and girls can be added to the waiting list from the term after they turn four years of age. As term dates vary each year, we use the following dates:

- Autumn Term: 1 September
- Spring Term: 1 January
- Summer Term: 1 April

Beavers, Cubs and Scouts Selection Criteria

There is a central waiting list for all sections. When the number of young people on the waiting list exceeds the number of places available, the following criteria will be applied (in this order) when vacancies arise in any section:

1. Places will be given if a parent
 - a. is, or becomes, a uniformed Leader within one of the Sections in the Group, or

Scouts

1st Histon

- b. is a Leader in another uniformed youth group (whether or not the youth group is based in Histon and Impington) and lives in the villages of Histon and Impington.

At the discretion of the Section Leaders, this may be applied in the case of a parent who commits to being a permanent helper.

2. Places will be given if a parent does hold, or at the Executive Committee's discretion will hold, Priority Roles on the 1st Histon Group Scout Executive Committee or Histon Scout and Guide Hut Committee. These roles are outlined in the Appendix.

3. Places will be given to those living in the villages of Histon and Impington north of the A14 ("the Catchment Area").

4. Young people who move into the Catchment Area who are already invested in Scouting will be treated as if they are currently members of the 1st Histon Scout Group with respect to the selection criteria including length of service.

This does not apply if:

- the young person's parents or guardians live within Catchment Area but the young person attends a scout group other than 1st Histon Scout Group; and
- the young person has a current/available place for the young person to continue their Scouting at that scout group

5. If the numbers of young people on the waiting list fulfilling the residence condition exceed the places available in their designated section, places will be given to those who have been longest on the waiting list, providing they will have at least one year in that section before reaching the correct age for the next section:

- Beavers: 6 to 8 years
- Cub Scouts: 8 to 10.5 years
- Scouts: 10.5 to 14 years

It is the Group's aim to ensure a person who is within the 1st Histon Scout Group will

Policy Ratified by Executive Committee 25th January 2023

Next Review Date: January 2024

be able to continue through Beavers, Cubs and Scouts. However, in exceptional circumstances when available places do not meet current demand additional criteria for selecting members for transferring between sections is outlined below:

- 1 as above
- 2 as above
- Length of service within the 1st Histon Scout Group, the members will be ordered by the member with the longest service given the highest priority

If at any point in the above selection there exceeds places for young people with no obvious way of discriminating between the eligible young people then a lottery will be drawn at the executive meeting, or by the waiting list coordinator witnessed by an executive body member or leader, prior to the term of entry.

An example of this might be where there are 3 available places and 4 eligible young people with the same length of service wanting to move on to the next section. The unsuccessful person would automatically be put forward for selection at the next intake.

Transfers within the Group

If a young person wishes to transfer e.g. between the two Cub packs and the other pack is full, they will be given priority entrance when the next place becomes available in the desired section in line with either no.5 on the standard priority criteria, or in exceptional circumstances meet additional criteria as any other member of the group.

Additional Needs

Scouting is an inclusive organisation and is open to children of all abilities. Parents or guardians of children with additional needs are asked to discuss their child's needs with the relevant section leader before joining the section so reasonable adjustments can be made to ensure their child can enjoy scouting to the fullest extent.

Appeal

If a parent wishes to appeal this policy they are invited to make a representation and put forward their case to the Scout Executive Committee where a final decision will be made.
